SUMMARY

Final year Computer Science undergraduate with a strong foundation in C++, object-oriented programming, data structures, and REST API design. Experienced in building CRUD applications, backend logic, and database-driven software solutions. Seeking a Software Engineer role to apply strong problem-solving skills and contribute to production-grade systems.

TECHNICAL SKILLS

Programming Languages:	C++ (OOP, STL, DSA), Python, Java
Software Development:	Data Structures & Algorithms, REST API Design & Integration, CRUD Operations
Web & Data:	HTML5, CSS3, JavaScript, MySQL, Database Schema Design
Core Competencies:	Software Development Lifecycle (SDLC), Agile Development, Cross-functional Collaboration

PROJECT EXPERIENCE

Personal Finance & Transaction Tracker | C++, MySQL 12/2025 - 02/2026

- Built a C++ financial analytics application handling 500+ transactions across 5+ account types with spend categorization and anomaly detection.
- Designed a normalized MySQL schema with validation logic and unit testing for reliable, API-ready data integrity.

Inventory Management Application | C++, MySQL 03/2025 - 05/2025

- Engineered a C++ CRUD application managing 500+ SKUs with real-time reporting and audit trails.
- Implemented MySQL triggers and stored procedures across 5+ tables with robust error handling.

Placement Management System | C++ (OOP) 09/2024 - 12/2024

- Architected a scalable C++ system using OOP principles (inheritance, polymorphism, encapsulation) to manage 200+ records across 5+ modules.
- Produced technical documentation and completed peer code reviews for production-quality delivery.

AI-Driven Crop Production Analysis | C++, Python 10/2024 - 01/2025

- Built a data pipeline processing structured JSON/CSV data to generate analytical insights with strong model accuracy.
- Delivered structured performance reports through Agile team collaboration.

EDUCATION

Chandigarh University — B.E. in Computer Science & Engineering Expected 2027
CGPA: 7.29/10 | Mohali, Punjab
Class XII: 86% | Class X: 89% — Rajkamal Saraswati Vidya Mandir School, Dhanbad, Jharkhand

ACHIEVEMENTS & PROFESSIONAL DEVELOPMENT

- Tekathon 2025 Participant — delivered a functional analytical solution under competitive pressure, demonstrating rapid problem decomposition and teamwork.
- Research Contribution — co-authoring an AI research paper involving data processing and analysis, reflecting academic rigor and analytical depth.
- Multilingual Communication — fluent in Hindi, Bangla, and English; effective across technical discussions and collaborative development.
